

Products and Features

No fees, attractive rates and product choices to fit your preference.

Our Solar Home Equity Loans makes owning solar affordable and easy.

Solar Fixed**

-15 and 25-year home equity loans with fixed interest.

Solar Flex**

-25-year home equity loans. First 10-years interest only. Afterwards, amortizing over 15-years. Floating rate first 10-years. Resets to fixed rate beginning of amortizing period.

How do I qualify?

-Loan balance to value of home is less than 80%*.

-FICO® score of 680 or above (premium pricing for FICO® score above 760).

*Loan balance includes the total outstanding balances of your existing first mortgage, any existing home equity lines or loans, and the new solar home equity loan.

**See examples on back.

Smart Financing Options for a Smart Decision

Get SunPower solar installations with an easy monthly payment! Finance your solar installation with a Solar Home Equity Loan or Line of Credit from New Resource Bank. Just a simple application and a quick approval lets you cost-effectively own solar for your home. You'll pay for solar via a monthly Solar Home Equity Loan payment while your utility bill decreases. You get clean power generated from the sun and are protected from energy price fluctuations.

How do I start?

Smart solar financing is as simple as 1-2-3

1. Determine the cost and scope of your SunPower solar installation from your SunPower Premier Dealer and make your purchasing decision.
2. Qualify for a loan by reviewing and completing the simple one step application and sending it to New Resource Bank by fax.
3. We'll call you to fit a New Resource Bank solar financing product (Solar Fixed and Solar Flex) and notify you of your approval.

Call or email New Resource Bank to get started or learn more about product features and the latest rates.

Email solar@newresourcebank.com or call 1-800-772-8190.

| | | | | |
|----------------------|--------|-----------|-------------------------------|----------------------------|
| Solar Example* | | | | |
| Loan Amount \$30,000 | | | | |
| | APR | Rate Type | Payment Structure | Monthly Payment |
| Solar Fixed 15 yrs | 6.002% | Fixed | Principal & Interest | \$253.03/month |
| Solar Fixed 25 yrs | 6.503% | Fixed | Principal & Interest | \$202.48/month |
